Recovery Plan To Be Studied By 2 Groups

Two Meetings Called By Chamber of Commerce

SUPPORT GROWS

Telegrams by the Thousands Reach President

Two meetings called for the purpose of furthering the national recovery program were announced today by the Redwood City Chamber of Commerce.

The first will be in behalf of the city-wide organization plans, and is scheduled for Friday at 4 o'clock in the chamber's office on Middlefield road.

At that time, the committee named Tuesday will complete plans for studying the administration's program, with the view of applying it locally wherever possible.

The second meeting will be in the fire house auditorium Monday at 7:45, and is sponsored by the retailers' division of the chamber of commerce. At that conference, application of the wage and hour agreement, codes, and other matters will be discussed.

Meanwhile, Postmaster Carl Mable was preparing to distribute through the mail, tomorrow, copies of President Roosevelt's reemployment agreement, which is to be signed by employers and returned to the postoffice.

This agreement is part of a nation-wide plan to raise wages, create employment, and thus increase purchasing power and restore business. "The plan depends wholly on united action by all employers," the president declares. "If it turns out that the general agreement bears unfairly on any group of employers they can have that straightened out by presenting promptly their proposed code of fair competition."

Death Urged For Kidnaper By K. C. Jury

McGee Convicted of Abducting Girl 2 Months Ago

BUTLER SPEAKS

Former Marine Officer Has Plan to End Racketeers

KANSAS CITY, July 27 (UP)—Death was recommended by a jury here today for Walter H. McGee, convicted of the ransom kidnaping of Miss Mary McElroy, daughter of the city manager of Kansas City.

The jury returned a verdict finding McGee guilty of plotting and leading the abduction and recommended he be hanged for the crime.

The recommendation is mandatory under Missouri law.

Their verdict was the first case in which the death penalty has been invoked in the war against kidnaping.

Conviction came just two months after the daring abduction of Miss McElroy, who was seized at her home while other members of the family were absent.

MARTIAL LAW PLAN

NEWTOWN SQUARE, Penn., July 27 (UP)—The kidnaping racket now sweeping the nation could be stopped within a month, Major General Smedley Butler said in an interview today.

"Let the president of the United States declare a modified form of martial law, superseding civil officers and courts only in case of gangsters and racketeers, and we will soon see the end of the rats who live on ransom money," he told the United Press.

"The president merely would designate a marshal in each section affected by racketeers, with power to arrest all criminals on sight.

"Immediate trials would be held before a provost court, which would be conducted like a military court martial."

The essence of the former marine general's plan would come when the racketeer faced the court. "The suspect would be asked to show how he honestly earned the money which permitted him to live in expensive apartments, and when he couldn't show an honest job for the past few years he would be automatically sentenced to a tropical island for an indefinite period."

Recall Rally Will Be Held In Burlingame

Organization of a committee to handle the recall of four members of the board of supervisors is to be discussed at a meeting to be held at 7:30 tonight in the Burlingame City Hall. The public is invited.

The recall is directed against Chairman Manuel Francis, and Supervisors John W. Poole, Rosalie M. Brown and Albert Witt.

The movement was started after the supervisors had selected W. H. Morrissey of Redwood City for county counsel, creating this post because of asserted bias by District Attorney Edmund Scott in favor of the new charter.

Chairman James B. Howell of the board of freeholders and William H. Eddy of the Citizens' Charter Protective Committee, are handling the recall.

Fred Sommer Passes Away; Rites Friday

Funeral services for the late Fred Sommer, who passed away here yesterday, will be held Friday at 2 o'clock from the chapel of the James Crowe Co. (Parmelee & Phillips). They will be under the auspices of Bayview Lodge No. 109, Odd Fellows, and interment will be in the I. O. O. F. plot at Union Cemetery.

Winooka Will Be Feature of Race Program

The popular week-end Tanforan race meetings will come to a gala close Saturday with Winooka, Australian wonder horse, making his American debut in a special match event with the flee Frisky Matron or the equally speedy Hueu.

Whether Frisky Matron, holder of the Tanforan record for six furlongs, or Hueu, Hawaiian bred 3-year-old, will oppose the invader from the Antipodes, will depend upon a final trial to be held for the two horses today.

After watching both speed burners breeze through trials during the week, Charles A. Hartwell, owner of the pair, is inclined to favor Hueu. The latter is thought to be more advanced in training than Frisky Matron.

It is expected that a crowd of 20,000 or more will gather at Tanforan to see the famous Australian in action tomorrow.

Congressman John J. McGrath of Eighth district arrived at his home in San Mateo Monday from New York and Washington.

He brought with him assurance that Redwood City's harbor project was receiving the fullest attention in Washington and expressed a belief that it would succeed in its appeal for federal funds.

The congressman also said that he believed Port San Jose and the Monterey breakwater would be among the approved projects under the public works bill.

McGrath said he expects to be home about 30 days before returning East. He said he has left his secretary, Capt. Victor Hunt Harding, behind to watch developments on projects in which the peninsula and other sections of his district are interested.

The four were brought to the hospital from the San Mateo County Memorial Park in two ambulances late yesterday after being stricken by food eaten earlier in the day.

Assessments at Beresford Rapped

SAN MATEO, July 24.—Declaring that new city valuations on Beresford Park property are "outrageous," Edward F. Holl, secretary of the Beresford Park Citizens' League, has called a meeting of protest for tonight in the Beresford school.

City officials are not planning to attend. City Manager E. P. Wilsey said: "I advised the league officials that the matter rests entirely with City Clerk Foster, who as ex officio assessor, fixes the valuations. I suggested that they postpone the meeting until Mr. Foster returns from his vacation."

City Attorney, Two Girls Are Crash Victims

Automobiles Collide On James Ave. at Grand Street

ALL ARE HURT

Jeanette Stephens Most Severely Injured

Three persons, including City Attorney Albert Mansfield, were injured when two automobiles collided Monday at the intersection of Grand street and James avenue with sufficient impact to hurl one of the cars on its side.

The most seriously injured was Miss Jeanette Stephens, 174 Jeter street, an employe of the California Pacific Title Company here. She suffered a concussion of the brain, a compound fracture of the two bones of the left leg, and a fracture of the right shoulder.

Miss Dorothy Brasch, 239 East Brewster street, riding with her, suffered a slight concussion of the brain and multiple contusions and abrasions.

Mr. Mansfield escaped with a laceration of the scalp and multiple contusions and abrasions of both legs.

Miss Stephens was removed to the Mills Memorial Hospital, San Mateo, after first aid at the Mason Emergency Hospital here. Her condition is described by her attending physicians as satisfactory despite the severeness of the injuries.

Miss Brasch and Mr. Mansfield, who lives at 252 Lowell stret, went to their homes after first aid at the emergency hospital.

Cars driven by Mr. Mansfield and Miss Stephens collided at the intersection at 7:40 o'clock. Mr. Mansfield was proceeding east on James avenue and Miss Stephens was going south on Grand street at the moment. Miss Stephens car was knocked onto its side.

Officer C. H. Genochio of the Redwood City Police Department investigated.

Roth Named To California Racing Board

Noted Woodside Man Is Rolph Choice For Post

4-YEAR TERM

Legislature Gives Its Approval In Last Minutes

William P. Roth of Woodside, president of the Matson Navigation Company, today was Governor Rolph's choice for the third seat on the California Racing Commission, which had been formed by the narrowest of margins.

With but two men selected and one of those unable to take the post, Governor Rolph had to act quickly to name the commissioin or confirmation by the legislature would have been lacking.

late Wednesday and that body acted shortly afterward. The legislature adjourned at 1:20 a. m. Thursday and if the commission has not been named by that hour, no racing under the pari mutuel system could have been held until 1935.

Rotoh was selected for the four-year term which Governor Rolph had proffered to Daniel O'Brien, former San Francisco police chief.

O'Brien was advised by his physician that he should not take the post because of the strain.

Carleton Burke, nationally-known polo player and resident of Los Angeles, and John A. McNaughton, stockyards official, also of Los Angeles, fill out the board.

The appointment of Roth met with praise from racing men. He gets the long term of four years; McNaughton is to serve three years and Burke, two years. The commissioners are not paid.

Formation of the commission puts an end to the use of the "option" system in vogue at Tanforan and substitutes the legalized pari mutuel betting, which gives the state a "cut."

Roth is an amateur sportsman of note, and is the husband of Mrs. Lurline Roth, president of the San Mateo County Horse Show, and a noted equestrienne. The "Why Worry Farm" of the Roths at Woodside is the home of some of the country's most noted thoroughbreds.

Burke is also a breeder of horses. His stables are at Ventura. He is a member of the Midwick Country Club of Los Angeles among others. Burke was captain of the California polo team in the national open championships at Meadowbrook in 1924. He was a colonel in the World War and had charge of the purchasing of horses.

Will Rogers, Hollywood wit, advanced Burke's name.

TEMPORARY APPROVAL GIVEN WAGE SCHEDULE

Temporary approval stood recorded Tuesday in favor of the proposed 1933-34 San Mateo county salary schedule after the board of supervisors took that means of securing a "breather" following Monday's session.

It calls for a total well in excess of $400,000, which does not include the many by-the-day workers in the engineering and surveying departments.

Salaries will remain at the existing levels for the next 60 days, the time it is expected will be required to straighten out the tangled affairs over county road management.

Supervisor Albert Witt, Colma, refused to approve the county salary schedule as submitted by County Manager Walter Kellogg even for the 60-day period. His objection was based upon the belief that County Surveyor James S. James had presented a salary budget for the engineering department that was "top heavy with fixed salaries."

Witt voiced an opinion that the budget James had submitted would make road management as costly as it was u nder supervisorial control. James declared the budget was far under what the costs would be under the five-district management. He previously has estimated that as much as $100,000 to $150,000 less will be required.

SLOT MACHINES, RACES GET GRAND JURY PROBE

Slot machines and book making at races will be among the early subjects to be investigated by the San Mateo County Grand Jury, Forman Martin Poss reported today.

Poss said that the gambling machines and the activities of "bookies" had been called to the jury's attention from "several sources."

The jury is reported Wednesday have examined as its only witness Joe Botto of Belmont, concerning the rental of a truck to the county at the rate of $13 per day.

Botto is reported to have been in the employe of Supervisor Rosalie Brown's San Mateo district during the past six years.

He is the third of the road district employes so far summoned before the jury, the first two being Peter Bielenberg and Robert Hamilton, also both employed by Mrs. Brown. Botto was reported to have spent well over an hour in the jury chambers.

Foreman Poss said it was necessary to clamp the lid on publicity, and that he would hereafter give out only a brief written statement of some of the subjects deemed suitable for public attention.

He would neither confirm nor deny that Botto was in the jury room, or reveal whether the jury had discussed the appointment of County Counsel W. H. Morrissey, or the purported purchase of three trucks by Supervisor Albert Witt.

Poss said the jury's recommendations will be made right along, and will not be withheld until the jury report is ready for release.

The recommendations will be made mostly to County Manager Walter Kellogg or the board of supervisors. They may or may not be made public when given by the jury, Poss said.

Back of the intention to make the recommendations as soon as arrived at is the jury's desire to see that they are enforced, Poss said.

The jury named Cliff E. Piatt of San Mateo to audit the county's books.

Mrs. Sisevich To Face Court On August 11th

Mrs. Gladys Sisevich, 1516 B street, San Mateo, was arraigned before Justice of the Peace Edward McAuliffe here Tuesday on charges of manslaughter and driving while intoxicated.

Judge McAuliffe set the preliminary hearing for August 11 at 10 a. m. Mrs. Sisevich was represented in court by Attorney J. E. McCurdy of San Mateo.

The charges grow out of the deaths of Mrs. Adeline Lyons, 38, and her baby daughter, Nancy, 8 months old, who were killed near their East Palo Alto home last week when a big black sedan crushed a tiny white baby carriage.

Garbage Fight In San Bruno Goes to Court

The South San Francisco Scavenger Company today had obtained a writ of prohibition preventing the City of San Bruno from going through with a contract with Louis Tournahu for disposing of garbage in that municipality during the next five years.

Superior Judge Maxwell McNutt, who granted the writ, set the case for hearing Monday.

Tournahu's bid, it is charged, is not as beneficial to the city as the scavenger company's offer. The former agreed to pay $300 per year for the permit and the latter, $460.

The company alleges that a business built up over a long period of years will be destroyed if the Tournahu agreement is carried through.

Boy Scouts Will Aid Co. Renovize Project

SAN MATEO, July 24.—Services of the county Boy Scouts today were placed at the disposal of the San Mateo County Renovize Committee by E. A. Barrer, scout executive.

Later in the week, scouts will distribute renovize window cards to retail merchants throughout the county.

A large number of volunteers have enlisted to make a house to house canvass to induce property owners to sign pledges to renovize their holdings. But more volunteers are needed, according to Frank McVeigh, campaign manager.

Mrs. Threlkeld Ships Horses to Coronado

Four show horses belonging to Mrs. Melville Threlkeld of Atherton, were shipped out of Menlo Park Friday night bound for Coronado where they will compete in the annual horseshow in that city.

City Divided in Seven Districts For 'Renovizing'

Redwood City was cut up into seven districts at a meeting here last night when plans were made for the local participation in the county-wide renovize campaign which begins August 8.

A captain will be put in charge of each district to direct the house-to-house calls, when property owners will be invited to sign the renovize pledge to renovate and modernize homes and business buildings. The object is to stimulate employment and increase the circulation of money among all lines of business in the county.

Henry Witte heads this community's renovize organization.

"Renovize now and save" was the message flashed last night from the big illuminated sign on the hills at South San Francisco. Use of this sign for a month has been secured.

Renovize windshield stickers may be secured at the county headquarters in San Mateo.

South San Francisco's plans will be made at a meeting tonight.

The beverage is made by the old Tacoma Brewery of San Francisco. The brewery was recently purchased by a stock company of which Governor Balzar of Nevada is the president. Mr. Franceghini is a stockholder in the concern.

COUNTY TRUCK PURCHASE IS SUBJECT OF INQUIRY

INQUIRY into the purported purchase of three trucks "acquired" by the county in April was opened today after County Manager Walter T. Kellogg received a surprise invoice showing $4464 was due on the equipment.

The grand jury is looking into the "purchase," it is reported.

The trucks, used in Supervisor Albert Witt's Colma district, were not acquired through the regular purchasing channels, Controller Edward Stack reported. Stack said Purchasing Agent Ernest Werder was in San Francisco today checking on the agreement.

The General Motors Corporation of San Francisco is the firm which supplied the trucks in an agreement believed by authorities to have been made by Supervisor Witt.

The White Truck Company is reported to have earlier tendered such an agreement, but on being informed by District Attorney Edmund Scott that it was illegal, withdrew its offer.

It is believed that the present agreement called for the trucks to be paid for through "rental" which the county would pay.

Stack arrived at this deduction when he investigated records of his office to see how the $1106 credited toward the purchase price had been paid.

Auditor Uninformed

Stack had no knowledge of any agreements to purchase any trucks and knew he had not drawn any warrants for that purpose.

The $1106 was found to have been paid in two warrants in April and May, 1933, to the General Motors Corporation for "truck rent on the Pedro valley road."

Warrant No. 1446, for $504, represented 12 days of hire at $42 per day for three trucks from May 12 to May 25.

Warrant No. 1447, for $602, was for five days' hire of two trucks at $28 per day from April 24 to 28; for 1 day's hire of three trucks at $42 per day on April 29, and for 10 days' hire of three trucks at $42 per day from May 1 to 11.

These two warrants bore the signature of Supervisor Witt and were paid by the Bank of America to the motor firm, but have not yet been honored by the county, Stack said. The controller reported that he would not pay the money until he had completed an inquiry.

Witt, Stack said, had been given permission to hire trucks for use in his district, but the supervisors had refused to buy the equipment that he said he would need.

Advised Not To

The controller also said that he had advised Witt not to make such an agreement.

Stack said the trucks were apparently not covered by insurance and left the county open to a serious lawsuit in the event of any mishaps.

The controller said Werder is seeking to determine whether the county's agreement actually calls for purchase of the equipment.

Manager Kellogg and the supervisors asked Witt for an explanation of the acquisition of the trucks, and the balance due on the trucks was then approved as correct and the amount was ordered raised in next year's budget.

Stack said he would ask the General Motors Corporation to "come and take away your equipment."

County Engineer James S. James, in whose care the trucks are at present, said he would not use the equipment until the status of ownership is determined.

Morrissey's Private Law Right Debated

Charter of County Forbids Such Practice

DEPUTY TO D. A.

What County Counsel Will Do Matter of Conjecture

County Counsel W. H. Morrissey's right to that post was questioned today when it was pointed out that as an assistant to the district attorney he will not be allowed to retain his private law practice.

The new county counsel was informed yesterday that he would have to go to court to collect his pay because Controller Edward Stack will not "pay two 'district attorneys.' "

Morrissey, if he legally holds the office of county counsel, which Chairman James B. Howell of the freeholders disputes, would be forced to abandon his private law offices under the terms of the new charter.

It is considered questionable whether he would do this for the mere $200 post created for him by the supervisors in view of the impending recall movement and uncertainties as to the legality of the office.

Howell said that "there is no such thing as a county counsel in San Mateo county."

"If Mr. Morrissey holds any official position, he is an assistant to the district attorney. But in that capacity he would be subject to the orders of his superior, Edmund Scott. Until told to do so by Scott or Assistant District Attorney Richard O. Bell, he could not rule officially on any county matter," Howell said.

Public Call For Recall Rally Issued

Howell and Eddy Say Supervisors Are 'Inefficient'

INVITE SUPPORT

Say Obstructionists Are Real Leaders Of Board

Asserting they are being led by "a small group of obstructionists," the San Mateo county supervisors today were termed "inefficient politicians" in a statement issued by James B. Howell, chairman of the board of freeholders, and William H. Eddy, chairman of the Citizens' Charter Protective Committee.

The statement was issued on the eve of the recall rally tomorrow night, which is to be held at the Burlingame City Hall at 7:30 o'clock. It follows:

"To the citizens of San Mateo county: Your presence is requested at a meeting to be held in the Burlingame City Hall Friday evening at 7:30 o'clock for the purpose of perfecting an organization for the recall of four members of the board of supervisors of San Mateo county.

"These supervisors, by their acts and conduct, have openly and wilfully defied the expressed will of The People by refusing to conform to the mandates of the new charter so overwhelmingly approved by the electorate of San Mateo county.

"The hour has struck when the people of San Mateo county must determine whether their public servants must obey their mandates, thereby perpetuating representative government, or whether they are going to run up the white flag of surrender and acknowledge defeat at the hands of a few inefficient politicians aided by a small group of obstructionists.

"Their act in appointing as legal counsel an attorney who represents the opponents of the charter and who has by his tactics attempted to delay consummation of the expressed will of The People by suggesting legal obstructions, is nothing less than public affront.

"Come and voice your sentiment. All citizens, chambers of commerce, women's clubs, improvement clubs and associations are cordially invited to attend."

(Signed) J. B. HOWELL,
President, board of freeholders.
W. H. EDDY;
Chairman, Citizens' Committee.

Everybody Is Helping

The very generous support that the Republican party is giving to the present administration in its honest attempt to bring about prosperity throughout this country must appear to any fair-minded person as very commendable.

The machinery has already started work and progress has been made. Any attempt to frustrate its operations in the present crisis should be frowned upon.

At the same time the nation has the right to think and to be ready, in case of necessity, to bolster up any weak points that may develop later, or to supply some better plan to the end that this country shall not be continuously in its present condition.

Having launched the "new deal," there is no place for the man who won't play his part. The best efforts of every patriotic citizen should combine as one to remedy the plight of all.

An Adequate Navy

Good news comes from Washington this week. Not the least important is the statement that the administration will start on the $238,000,000 navy construction program within a short time.

It is a real program designed to secure adequate national defense. Sixteen ships are to be built in private yards plus four destroyers and one heavy cruiser. Sixteen more ships will be constructed in government navy yards.

Keels of the ships are to be laid within three months. All lines of business will be stimulated and employment increased. Some of this activity, no doubt, will come to the Mare Island Navy Yard at Vallejo.

DEER STILL LEGAL GAME ON AUG. 1

The chase after Mr. Buck will start next Tuesday morning when deer hunting in state districts 2, 2½ and 3 opens for a season of 45 days.

Changes in the state deer hunting laws which are contained in bills passed by the state legislature will not affect the legal shooting dates in the districts which open on August 1, the "Times' learned today after quizzing officials of the Fish and Game Division in San Francisco. The new laws do not go into effect until August 17, it was stated, and will not interfere with last year's regulations regarding districts, 2, 2½, and 3.

Under the new laws, not effective in the above districts until 1934, the season will be limited to one month, i. e., August 15 to September 15.

Game wardens throughout the state report an increase in the number of deer this season and hunting should be good. District 2 includes the following counties: Mendocino, Glenn, Colusa, Sonoma, Yolo, Marin, Solano, Lake and Napa. District 3 embraces San Francisco, Santa Clara, San Mateo, Contra Costa, Alameda, Monterey, San Luis Obispo, Santa Barbara, Ventura and parts of Merced, Fresno, Madera and Kings counties.

Hunting will be allowed in district 2½ in certain townships in Mendocino county bordered by the Pacific Ocean. It might be well to inquire as to legal hunting grounds if trips are made into that region.

Mrs. Penez at A.M.O.R.C. Meet

Rosicrucians of Redwood City were represented at the recent international convention of the order held in San Jose by Mrs. Gladys Penez of 141 Fulton street.

Nearly 700 officers, delegates and members from four foreign jurisdictions of the order attended the mystical conclave. It constituted the seventh annual Rosicrucian convention. The sessions were devoted to addresses on mystical philosophical and scientific topics in accordance with the object of the organization.

Of outstanding interest to the delegates was a demonstration of the color organ in the Francis Bacon auditorium of the order. The color organ was created under the direction of Dr. H. Spencer Lewis, supreme officer of the order, in the Rosicrucian laboratory after years of research.

The color organ demonstrates a harmonic relationship between the diatonic scale and the color spectrum. When selections are played upon the organ the consciousness becomes aware of the harmony not alone through the sense of hearing, but also through the visual appreciation of the blending of the magnificent colors projected upon a large silk screen.

The present project of the Rosicrucian experimental laboratory is the development of an electrical device for measuring the magnetic radiations of the human, or the aura, and an attempt to manifest them visually to the naked eye.

The convention adopted resolutions for the further extension of its junior order activities throughout the world, and the continued assertion in all literature and newspaper advertisements that the order is not a religious fraternity. Jobless Nurse Leaps to Her Death in Bay

Miss Avis Godfrey of S. F. Jumps From Bridge

WAVES GOODBYE

Passing Motorists Unable to Stop Suicide

SAN MATEO, July 24.—Waters of the bay off the San Mateo-Hayward bridge were searched Monday for the body of Miss Avis Godfrey, 35, a nurse, of 1555 Masonic avenue, San Francisco, who leaped from the span to her death last night.

At the Masonic avenue address, Miss Ernestine Schwab, with whom Miss Godfrey made her home, said the latter had been despondent over unemployment.

Identification was made from the license plates on the nurse's car. The car contained some fishing tackle and a circular describing the Wilderness Lodge in Mendocino county.

A. W. Deuel, manager of the San Mateo-Hayward bridge, told San Mateo police that Miss Godfrey parked her car on the bridge, climbed onto the rail in sight of passing motorists, and then plunged into the water as they stopped their cars and prepared to prevent her from leaping.

As motorists ran to the rail, they reported seeing Miss Godfrey floating on her back with her arms crossed on her chest. She waved a final goodbye to the gasping spectators, a bridge tender told police.

Mrs. J. R. McGee, wife of the span keeper, telephoned William S. Rothrock, auditor of the bridge, informing him of the leap.

Miss Godfrey's mother lives in Nevada City.

Sheriff James J. McGrath directed the search for the body from a coast guard launch.

The Forgotten Man

who drives carefully, observes Safety rules and obeys all the laws of man and Common Sense Needs Protection

The tragic thing about many traffic accidents is that hundreds of thousands of careful drivers and pedestrians are disabled because of the recklessness of others.

Many, suffering PHYSICALLY because of injuries — FINANCIALLY through the loss of income and cost of medical attention—are innocent victims of such accidents.

None of us are immune. Every time we cross a crowded street—or drive past a congested corner or on a slippery thoroughfare—we are subject to this danger.

Play "safety-first" always as a pedestrian or motorist—and protect your income with this coupon against the possibilities of tomorrow that we cannot avoid.

Port Will Be Pushed, Says Commissioner

"We are taking every step by which headway can be made in the matter of Redwood Harbor," said Percy J. Shaw, chairman of the San Mateo County Harbor Commission, at a brief meeting held at Redwood City Tuesday.

"To keep the public informed," continued Mr. Shaw, "we thought it best to isue a statement covering activities since the recent harbor district election. Changes in procedure under NIRA have taken place since the election. Congressman John J. McGrath advises us that it will be necessary to present the harbor matter before a state board of three persons and before a regional director who will be at the head of a number of western states. So far the state board of three and the regional director have not been appointed. We can make no further headway under the NIRA until these appointments have been made."

"The only other progress we can make is the preparation of plans and estimates for the necessary dock, transit shed, warehouse and rail service at the harbor site. Steps to bring about the completion of such plans are being taken immediately."

"The harbor commission will meet with Congressman John J. McGrath just as soon as convenient, and will then proceed to take any further steps which may be possible."

"We are just as anxious to make headway as anyone can be and will not delay at any time in pushing the project forward at all possible speed."

England's national anthem, "God Save the King," is a mystery of literature. No one knows who wrote it.

Construction of Tunitas Unit of Road First Hit

Opposition of Col. John H. Skeggs of the state highway commission to any plan to begin construction of the Ocean Shore highway "in the middle" was reported to the supervisors yesterday by James S. James, county engineer.

James said the board's instruction to him picking the section from Tunitas to Bean Hollow, well below Half Moon Bay, did not meet with the favor of engineers of Joint Highway District No. 9, the Ocean Shore Highway.

The county engineer conferred with Skeggs and Clyde Healy, San Francisco engineer, yesterday morning.

Skeggs said he wanted the highway to start "at the ends and work toward the middle." His stand was taken to indicate that he preferred to see the work started nearer the San Francisco line by continuing the coast highway from that city.

Skeggs also urged the county to hold off on preparation of any plans on the coast highway until it had been taken over into the secondary system of the state. The county has assurance that this will be done at an early date.

Woman Bitten By Dog Suing For $10,180

Mrs. Florence Andrews, 2906 Broadway, wife of A. T. Andrews, well-known Palo Alto clothing salesman, today placed on file here a $10,180 lawsuit for damages to a finger incurred when she was attacked by a chow dog. She did nothing to provoke the dog's anger, her suit declares.

The dog, according to Mrs. Andrews' complaint, belongs to Mr. and Mrs. W. J. Baker, and attacked her while she was at the apartment house where she makes her home, on February 6.

So severely was she bitten that half of the joint of the right index finger had to be removed to avoid amputation, her suit charges. The finger has been permanently disabled. Mrs. Andrews suffered from pain and loss of sleep.

The special damages sought include $110 spent for medical care and $70 spent for nurses.

Lakin & Leve of Palo Alto represent the plaintiff.
